Your digital *parent proofs* are complementary

Mini magazine albums may be purchased for parents.

Following your album design, your album will be made up and delivered within six weeks of design session. We guarantee your total satisfaction.

Imagery of your wedding day

We normally cover your wedding day over *five locations*. Your home, the boys, the ceremony, a romantic setting and your reception. We can offer after-reception and city lights coverages should you require this special imagery.

Bride at home

Approximately 60 minutes for studio portraiture settings as well as garden and environmental images. Bridal portraits, attendants and family images are taken.

The Boys

Normally these, along with those of the groom's family, are taken at the church. The groom and boys may prefer to have photography in a local area or fun shots at home. Approximate 30 minutes coverage.

Ceremony

Images upon arrival, during the service and afterwards are allowed over a 60-90 minute period. We allow 10 minutes for you to meet and greet friends and relatives before we take your bridal party and family images. It is important for you to see all your friends who have come to the church and particularly those who may not be attending your reception.

Engage a professional photographer who will know the routine of your wedding day and ensure your day is memorable for all the right reasons

Romantic images

These are created for you over a 60 minute period at a location of your choice. They are your special images, chosen to reflect the theme of your wedding day or to create romantic memories in special locations.

Some of the images may be digitally enhanced to add a personal signature to your wedding album.

We invite you to visit our website to see our images in colour

You will find all the information you need to plan your day listed under weddings

Reception

Coverage includes the room decoration, cake cutting, certificate and bridal waltz. We can also include images taken around the venue including romantic room images and night lighting.

Normally our coverage is completed before you sit down for your reception.
